Studying in café in Ikebukuro

After finishing the semester at Waseda University, I spent a wonderful time in July enjoying so many trips and experiences in Japan — attending a Yorushika concert, eating kakigōri, exploring Yanaka Ginza, going to the Joe Hisaishi Ghibli concert, visiting Katsushika, Hachioji, and three other fireworks festivals, going to DisneySea, wearing a yukata, visiting Yokohama, and relaxing in Kusatsu Onsen, among others.

My four and a half months as an exchange student at Waseda University were a period in which I was able to grow through diverse experiences and interactions, as well as explore a truer version of myself.

I will never forget my time as a Waseda exchange student, and I want to carry these memories with me, using them as a steppingstone to become an even better version of myself.
